Ok, it will have to be an unsecure call I'm afraid.

Does everyone have access to MS Teams? I will send out an invite to all cc'd here on that platform for 4pm (I think there is an option to call in from a regular phone if you don't have the ability to join on a laptop/tablet/iphone/etc.).

Will set it for 4pm. Agree with your aptly worded observation below Sam – we are on the exact same page.

I will look to my CBSA colleague (Scott Millar) and IRCC colleagues to share thoughts on thinking that has gone on in this space, and am confident they have been in constant talks with US counterparts on the subject.

So it's more a coming together to make sure we are all on same page and then Sam and I can make sure Secretary Mayorkas and Minister Mendicino are well supported should there be a desire for a joint announcement tomorrow around mutual support in this area.

Dom –

Thank you. I think 4PM will work for our team and am just confirming that with a few folks.

We will look forward to meeting with you and your colleagues to further discuss the matters we began to discuss on Friday.

Good afternoon Sam,

s.38

Probably best to get together on a call today to discuss... any chance we can do that?

I have cc'd colleagues at CBSA (Scott Harris, Scott Millar) and IRCC (Nicole Giles and Catherine Scott).

I realize it is Sunday, and I am already in and out of meetings so it will be challenging, but if people can signal whether a 3pm call or 4pm call would be feasible, that would be much appreciated.

Please let me know.

Many thanks!

Good morning Sam, happy Saturday indeed.

Yes, I am tracking efforts in this space and happy to loop in my colleague from IRCC (Nicole Giles) for a call Monday (I will see if she is available tomorrow and maybe I can arrange that too... although I am navigating calls on other fronts throughout the day today and tomorrow so I actually have limited availability... and I also want to catch the SuperBowl if possible!!).

Let me know what times might work for you tomorrow or Monday.
